The Pizza Trailer

Menu

Thank you for enquiry.
We can offer you two serving options.

1. We can serve each of your guests their own pizza. (We make around 40/50 pizzas per hour) We ball our dough at 270g which makes around a 12” pizza. This service style suits smaller events.

2. We can make 3-4 different pizzas and place them out on the trailer serving hatch in a buffet style. Guest can select a variety of slices. You choose how many pizzas you would like us to make. This service style work well for wedding receptions and larger parties.
